**BRADLEY'S CURRENCY PLATFORM.**  
"I am opposed to the free and unlimited coinage of silver, believing it would destroy all National prosperity. The gold dollar is the best dollar, and I am in favor of making every other dollar equivalent to it in value. I am the friend of silver, and believe it can be best protected by holding its issue in such bounds as will insure its parity with gold as a circulating medium."  
—W. O. BRADLEY.

**REPUBLICAN CONVENTION.**  
The Republicans of Mason county are requested to meet in Convention at the Courthouse in Maysville on April 13th, 1896, at 1 o'clock, p. m., for the purpose of selecting Delegates to the Congressional Convention of the Ninth District, to be held in Maysville on Tuesday, April 14th, at 10:30 a. m., and to the District Convention to be held at the same place immediately upon the adjournment of the Congressional Convention.  
Also to select Delegates to the State Convention to be held at Louisville April 15th, 1896.  
The District Convention is for the purpose of selecting two Delegates from the Ninth Congressional District to the National Republican Convention, to be held at St. Louis June 16th. Every Republican is respectfully invited.  
D. P. Orr, Chairman.  
Sam T. Hickman, Secretary.

There is just now a spirited revival of third term talk, with Mr. G. CLEVELAND, Esq., as the third term. As GROVER has put about every other office under the Snivel Service, why doesn't the old duffer include the Presidency in the list? That would perpetuate him in office and avoid the possibility of any future "pernicious activity" such as is now going on throughout the country in the contest for the nomination.

The deficiency in Uncle Sam's Treasury continues to flourish like a green bay horse. For the first nine days of April it was \$5,768,874 95; for the fiscal year \$24,519,577 16, and for the Cleveland Administration \$137,128,060 92.

THE Republican plurality of 11,278 in Rhode Island breaks the record, with the exception of the year 1862, when a Republican War Governor was elected without opposition. The first straw of 1896 comes from a small state, but it is significant.

A WASHINGTON dispatch says that MARK HANNA recently wrote a letter to a Republican of Des Moines, saying that McKinley would not favor an effort to establish McKinley Clubs in Iowa because of his personal regard for Senator ALLISON. The result will be that Iowa and ALLISON's friends will be for McKinley. If MARK had written the same sort of letter to some Republican in this state, the Major would have had the united support of Kentucky Republicans after Governor BRADLEY was out of the race, and he would have carried the state in November. The most accomplished seer cannot now tell what the result will be.

**THE MISSING HEAD.**

Attorney for the Prosecution in the Jackson Case Knows What Was Done With It.  
NEWPORT, Ky., April 13.—The attorneys for the prosecution in the Scott Jackson case claim they have absolute knowledge and proof of where the head of Pearl Bryan was secreted, as well as by whom it was disposed of and the time and exact manner of disposing of it. When this is testified to the case will be completed. Col. Nelson admits that he has this testimony, but in fairness to the prosecution he asks that the details be withheld from publication.

Col. Nelson says he does not desire to give the defense any more information than is necessary, and for that reason the story of the disposition of the head will not be made public until the facts are testified to on the witness stand.

**A FORECAST**  
Of Business to Be Transacted in Congress During the Week.

The Naval and Indian Bills to Be Considered in the Senate.

Fortifications Bill Will Be Up—The Contested Election Case of Goodwin vs. Cobb Will Be Considered by the House—Also Appropriation Bills.

WASHINGTON, April 13.—As soon as the Indian bill is disposed of in the senate, Mr. Hale will call up the naval bill which was reported Wednesday last. Incidentally there will be a variety of questions called up during the morning hour. Monday Mr. Chandler, according to notice, will speak on the Dupont election case and will probably be followed by Mr. Gray, of Delaware, Mr. Squire has given notice that on Tuesday he will address the senate on the comprehensive bill for the erection of fortifications, reported by his committee some weeks ago. A spirited debate is expected on Wednesday, Mr. Peffer having secured unanimous consent to call up on that day his bond-sure investigation resolution.

House bill to reduce the cases in which the penalty of death may be inflicted has been made the special order for Wednesday. Mr. Lodge has given notice that on Thursday he will call up the immigration bill providing for an illiteracy test.

Meanwhile the joint resolution of Mr. Cannon directing the secretary of the interior to open for public entry the Uncompahgre reservation, holds its place on the calendar as the unfinished business.

Under the rules of the house Monday is District day, that is, the day set aside for the consideration of matters presented by the committee on affairs of the District of Columbia, but that it will be so devoted is uncertain. Two other matters are pressing for consideration now—the fortifications appropriation bill and the contested election cases of Goodwin vs. Cobb from the Fifth district of Alabama, in which the committee on elections No. 1, recommend the seating of the contestant, Goodwin. Judge Daniels, chairman of the committee, gave notice ten days ago that he should ask the house to dispose of the case Monday, but it is understood that he will not antagonize Chairman Babcock, of the district committee, when the latter moves to take up district business. But Mr. Cannon, chairman of the committee on appropriations, may not be so leniently disposed, and the house may have to determine the order of business for itself. The probabilities seem now to favor the fortification bill as the first item, and at the conclusion of its consideration the rest of the day is to be given to the district committee. Mr. Cannon was of the opinion Saturday that he could get the bill out of the way in an hour and a half. He may find it different at the beginning of the week.

However they are arranged, these two matters will hold the boards against all other business until disposed of unless a conference report on appropriation bills shall be presented. The preliminary report upon the legislative, executive and judicial appropriation bill has been agreed upon and will be presented Monday or Tuesday. It relates only to those items about which there was practically no disagreement among the conferees and a further conference will be ordered on the matters of more serious differences.

As opportunity presents itself the general pension bills reported by the committee on invalid pensions and the bankruptcy bill will be considered, but no time can be fixed at which they will be taken up.
